We are pleased to offer a manufacturing facility to produce all your special requirements. For many customers we also produce own brand lashings with special packing, labelling or web marking.

### Quality Matters

Lashing safety and longevity are both derived directly from product quality. Like you, we take our responsibilities for quality issues very seriously. Placing your business with Pritchard Tyrite, a **quality lead ISO9001 accredited company** is your guarantee of unbeatable customer service and quality. Where applicable all lashings and straps are produced to fully comply with **EN12195-2: 2001**, the new European load restraint standard.
