D ring

Bespoke Manufacturing

We are pleased to offer a manufacturing facility to produce all your special requirements. For many customers we also produce our own brand lashings with special packing, labelling or web marking.

Quality Matters

Lashing safety and longevity are both derived directly from product quality. Like you, we take our responsibilities for quality issues very seriously. Placing your business with Pritchard Tyrite, a **quality lead ISO9001 accredited company** is your guarantee of unbeatable customer service and quality. Where applicable all lashings and straps are produced to fully comply with **EN12195-2: 2001**, the new European load restraint standard.
